

## Affluence Seamless Sink<sup>™</sup> debuts

### Affluence Launches an Innovative Kitchen Sink Product Line

**FOR IMMEDIATE RELEASE**

**April 2009 – CINCINNATI, OH** – Affluence is announcing the launch of Affluence<sup>™</sup> Seamless Sink, a product line of under mount and top mount kitchen sink products. A new player in the kitchen and bath industry, Affluence is quickly becoming known for a revolutionary design with a beautiful and stunning effect. This evolution, eliminating the customary seams and flanges normally found around your kitchen sink drain, provides a more sanitary environment for food preparation. The custom strainer baskets also seal the disposer splashguard, eliminating the black plastic disposer plug. There is no need to buy or install unsightly, expensive drain and disposer flanges that are hard to keep clean and that chip, pit, tarnish and rust. The design also cuts the uncomfortable job of installation by 20 to 60 minutes. View the “90-second install” at [www.SeamlessSink.com](http://www.SeamlessSink.com).

The selection of UPC certified sinks compliment any décor with premium 18-gauge 304 stainless and a light European brushed finish, undercoated with a quality sound proofing pads to insulate from excess noise and vibration.

###

#### **About Affluence**

Headquartered in Cincinnati, Ohio, Affluence is creating a fundamental shift in the sink industry by reducing installation time, increasing space, and providing a more sanitary environment.
